Re: Freedom of Information Act Request 06-FOI-00412-10

Dear Mr. Furlow:

This letter is in partial response to your Freedom of Information Act (FOIA) request dated June 22, 2010, for information pertaining to all Region 6 email attachments, dated after May 1, 2010, regarding testing of Gulf water and / or air and / or oil samples, as well as test results from the BP Deepwater Horizon oil spill.

On August 19, 2010, Tina Kirst, contractor with the U.S. Environmental Protection Agency Region 6 Superfund Division, notified you by electronic mail of confidential documents within your request and offered a partial response. In an email on September 1, 2010 from Nancy Yarberry, Region 6 Superfund Records Manager, you were informed that the first response would consist of releasable documents. The next response will contain a denial log of the withheld documents.

In compliance with your instructions, we are enclosing copies of responsive public use documents on Digital Video Disc (DVD). The documents contained on the DVD are in Adobe Systems Inc.'s common Portable Document Format™ (PDF). The viewer is included on the DVD, as is additional supporting documentation, if needed. The DVD is set to launch automatically upon insertion into a personal computer.

If you consider this partial response to be a denial, you may appeal this response to the National Freedom of Information Officer, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, DC 20460 (U.S. Postal Service Only), FAX: (202) 566-2147, E-mail: hq.foia@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, NW. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, DC 20001. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the 06-FOI number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

Re: Freedom of Information Act Request 06-FOI-00412-10

Dear Mr. Furlow:

This letter is a second partial response to your Freedom of Information Act (FOIA) request dated July 1, 2010, for information pertaining to any and all Region 6 emails and email attachments dated after May 1, 2010, regarding the testing of Gulf water and/or air testing and/or oil samples, requests for samples, and requests for test results from the BP Deepwater Horizon oil spill.

In compliance with your request, we are enclosing copies of responsive U.S. Environmental Protection Agency Region 6 Superfund Division public use documents on Compact Disc (CD). The documents contained on the CD are in Adobe Systems Inc.'s common Portable Document Format™ (PDF). The viewer is included on the CD, as is additional supporting documentation, if needed. The CD is set to launch automatically upon insertion into a personal computer.

If you should have any questions or need additional information, please contact me at (214) 665-6659. The Region 6 Freedom of Information Officer will bill you after you receive your final response.

I wish to advise you that the Superfund Division has searched for records responsive to your request and made the findings indicated below:

 EPA and/or its support contractors completed the initial research for this request and did locate a listing in the CERCLIS database and/or the Superfund records database regarding the requested information. The Site Team confirmed that the information located is responsive.

_____ EPA and/or its support contractors completed the initial research for this request and did not locate a listing in the CERCLIS database or the Superfund records database regarding the requested information. Therefore, no known Region 6 Superfund files exist. The Site Team confirmed that this is a no information response.

_____ EPA and/or its support contractors completed the initial research for this request and did find a listing in one or more databases indicating the existence of information in Region 6 Superfund files potentially responsive to your request. However, additional research isolated no information in the Region 6 Superfund Division specifically responsive to the request. The Site Team confirmed that they do not have responsive information.

 Other – This is a third partial response. Based upon further review, the additional records located on the enclosed Compact Disc (CD) have been determined to be releasable. The new target date for the final response is set for 10/25/2013.

Mr. Furlow:

Thank you so much for your email response confirming our telephone conversations today regarding your Freedom of Information Act (FOIA) request FOI 412-10. Your email accurately reflects our conversations, where you were notified that the U.S. Environmental Protection Agency Region 6 Superfund Division, is requesting a 30 day extension in order to comply with your request due to the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records involved in your request. (40 CFR 2.112(e)(2))

Your new target date is September 2, 2010, and as agreed upon, a partial response will be provided to you before that date. We appreciate your cooperation in this matter. If you have any questions, please contact me at (214) 665-2242 or kirst.tina@epa.gov.

Mr. Furlow:

I have been unable to reach you by phone to notify you of confidential information responsive to your request. The confidential information cannot be provided to you under the Freedom of Information Act; however, some documents may be released with redactions. If you wish, you may amend your request to Public Use information only which means you will only receive the releasable documents, and not be notified of the information being withheld. If you would prefer, you may request a denial response which will include all releasable information, any documents/information that can be provided in a redacted format and a denial log listing the documents being withheld, the exemptions that they are being withheld under, and the reasons for withholding the information.

In addition, the U.S. Environmental Protection Agency Region 6 Superfund Division is requesting additional time to respond to your request due to the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records involved in your request. (40 CFR 2.112(e)(2))

EPA would like to offer you a partial response containing several hundred releasable records by your current target date of September 2, 2010, with a second partial to follow by October 6, 2010. If you are interested in a denial response additional time may be necessary.

If you could please confirm whether you would like to amend your request to Public Use information only or if you would prefer a denial response and your acceptance of the new target date of October 6, 2010, it would be greatly appreciated. Thank you so much!!

Mr. Furlow

You responded to my contractor, Tina Kirst (SAIC), questioning the need for an extension for processing your FOIA request and that you wanted an explanation of the nature of the need for a second extension (see below). I am the Superfund Records Manager and am over the management and processing of the Region 6 Superfund records and specifically the production of the records responsive to this request.

Due to the extensive nature of this request and the need to review a voluminous amount of emails and attachments (40 CFR 2.112(e)(2)), we will need to extend the target date to October 6, 2010 for a second partial response which will include a denial response. Please also understand that additional time beyond the October 6, 2010 date may be necessary to complete the denial log and produce a final response. We are in the process of completing the production of the releasable emails and attachments and expect to send you the response along with the DVD this week.

I am expecting your confirmation of receipt of this email so that I have an assurance that you have received this message. This is a FOIA requirement for electronic communication. I also left you a voice mail this morning. Please contact me by phone if you have specific questions on the production of electronic data.

Please respond to bryant

Tina,

Your office requested a previous FOIA response time extension and agreed to a

complete disclosure by September, with a partial interim disclosure in August. Now you are saying complete disclosure will occur by October, with an interim partial disclosure in September, and no disclosures in August.

Can you please explain the precise nature of the need for a second delay?

Are there truly no records ready for disclosure now?

Sincerely,
Bryant Furlow

Tina/Glodine,

Please pick up the folder ASAP, correct as per Yerusha;s guidance and follow guidance from her. On item two redact "2. Doc ID 6008193 appears to be incoming communication from a non-federal, non-contractor entity. I see no CBI info in this doc. Hi Dwayne. I've reviewed this denial log and have the following comments. But for the three items listed below, I concur of the denial log. If our response is appealed, we may be asked to do another review by OGC to determine if there is any reasonably segregable content in the any of the withheld docs. In the interest of providing a final response to the requester, I concur on the log with the exceptions listed below.

1. Doc ID 6116371 appears to be incoming communication from a non-federal, non-contractor entity. I

see no CBI or Personal Privacy info in this doc. I think it should be released. Please review.

2. Doc ID 6008193 appears to be incoming communication from a non-federal, non-contractor entity. I see no CBI info in this doc. Perhaps the conference code info can be redacted as personal privacy (but that may be a stretch). If appealed, we can try to defend the redaction then.

3. Doc ID 6116372 appears to be incoming communication from a non-federal, non-contractor entity. I see no CBI or Personal Privacy info in this doc. I think it should be released. Please review.

I've concurred on the routing folder. The folder is on my desk in case you would like to retrieve it tomorrow (Weds). I will be teleworking tomorrow after a doctor's appointment in the a.m. Feel free to email me or call if you have any questions.

Sent by: Tina Kirst

Hi Yerusha:

Per Dwayne Patrick, please find attached an advanced copy of the denial log for FOI # 06-FOI-00412-10. The documents are viewable on the spreadsheet as long as you are on the EPA Network by clicking on the hyper link. If you would please review the documents and confirm any changes that may be required, it would be greatly appreciated. Superfund Division completed an initial review of these documents but the final response has not yet been submitted for concurrences. Thank you so much.

Review complete. Attached below are my comments in blue in the "EPA Comment" field on the right hand of the screen. Not sure what to think of the last two docs in Tab 2, so I'll defer to our FOIA experts, Paul and Yerusha. I understand this excel spreadsheet applies to all three FOIAs listed in the subject title above.

Never mind my e-mail below and the others concerning 06-FOI-00412-10 and 06-FOI-00205-11 (Deepwater Horizon/SSID # Z6DW). Tina Kirst called to point out that I failed to see the other tabs at the bottom of each spreadsheet with about 270 more docs to review. So I'll be reviewing those this week and will add in the "comments" field of each document whether I think each is releasable.
